

Spring 2009

Here's what's happening in the upcoming months in kindergarten.

**Reading:** We are continuing the letters of the alphabet. Look for upcoming letters G, E, B, H, W, V, X, J, Q, Y, and Z. High frequency words will include: he, she has, with, was, of, and see. Please continue to practice reading your decodable stories and your yellow HF journal.

**Math:** We will be working on the following units: Time, Money, Addition, Subtraction, and Great Numbers.

**Technology:** We will continue to work on writing and illustrating through the Kid Pix Program.

**Science:** We will be working on our spring and butterfly units.

If you have any questions or concerns please feel free to contact us. Thank you!
